

EQUAL SciTech: promoting gender equality in Science and Technology

Co-funded by the
Erasmus+ Programme
of the European Union

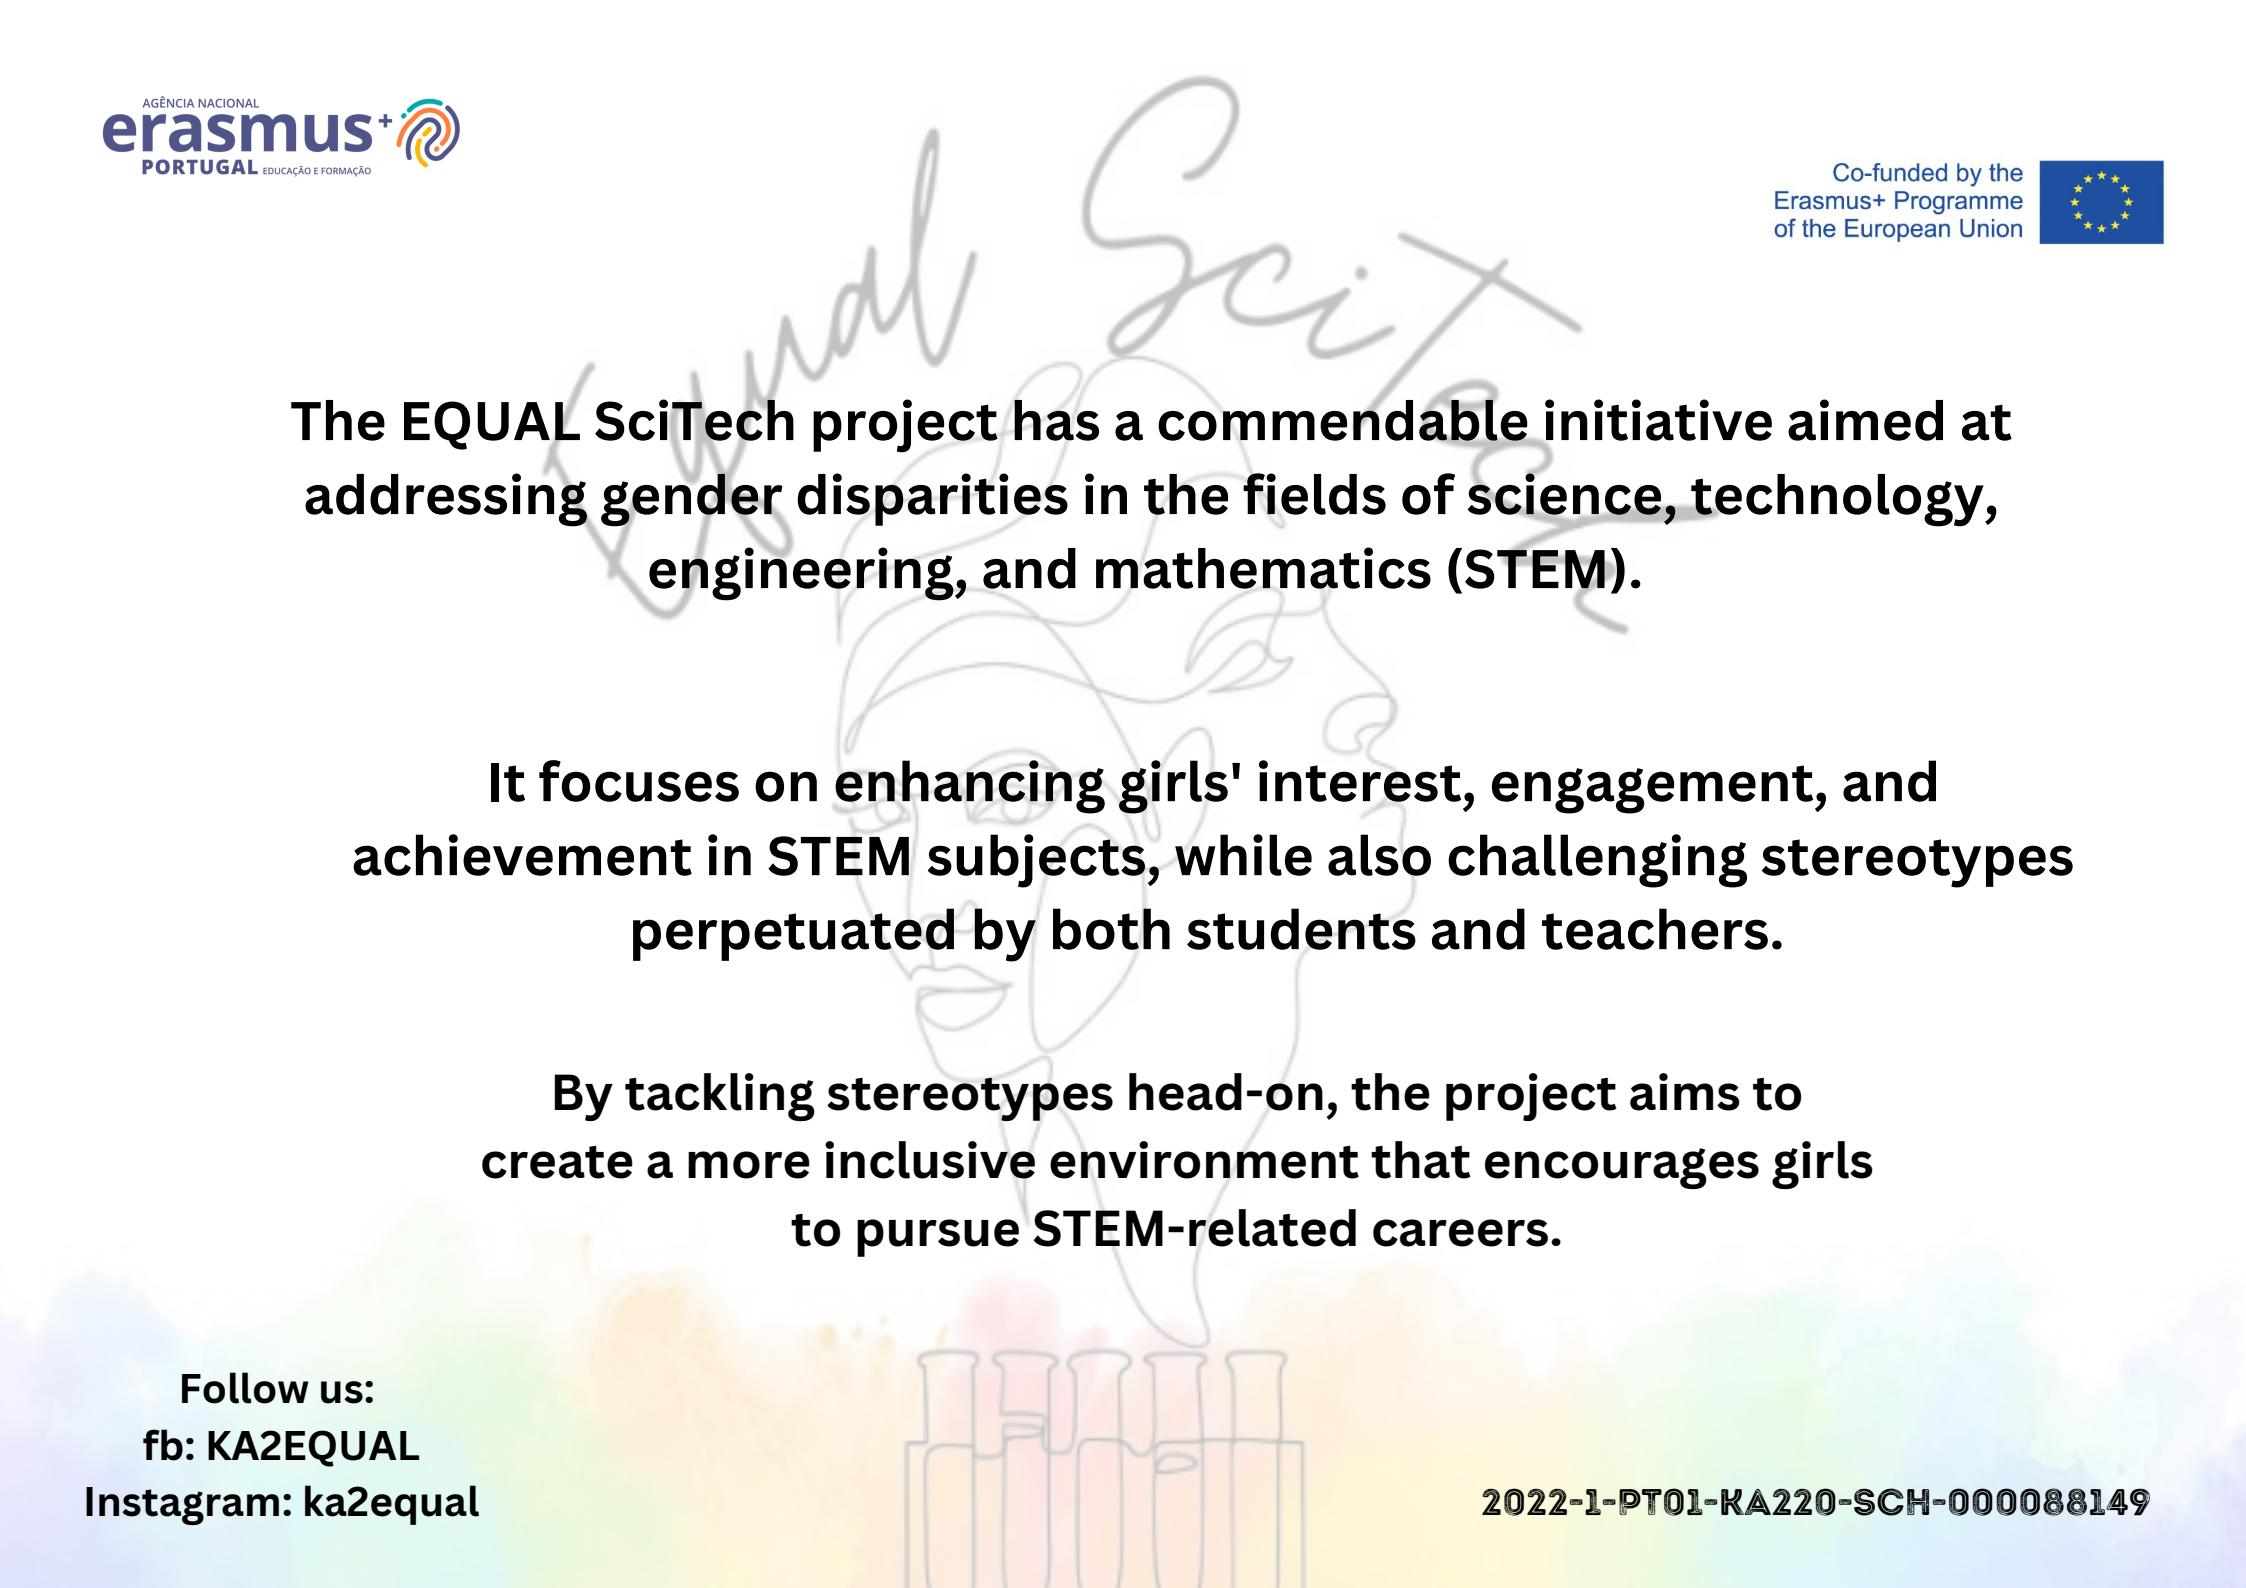

01.10.2022-30.09.2024

Equal SciTech

2022-1-PT01-KA220-SCH-000088149

The EQUAL SciTech project has a commendable initiative aimed at addressing gender disparities in the fields of science, technology, engineering, and mathematics (STEM).

It focuses on enhancing girls' interest, engagement, and achievement in STEM subjects, while also challenging stereotypes perpetuated by both students and teachers.

By tackling stereotypes head-on, the project aims to create a more inclusive environment that encourages girls to pursue STEM-related careers.
